FREE HAZARDOUS WASTE TRAINING CLASS

The El Segundo Fire Department is hosting a FREE Hazardous Waste management. The class will cover basic requirements for the proper management of hazardous waste. The class is open to all businesses that have an El Segundo Hazardous Waste Generator permit.

The class will be held on **Thursday, September 12, 2019 in two sessions (attendees will choose 1 session)** from 8:00 a.m. until 12:00 p.m. or 1:00pm until 5:00pm at the El Segundo Fire Station #2 at 2261 E Mariposa Ave, El Segundo, CA 90245.

Some of the topics covered in the workshop are: hazardous waste determination, container management, container labeling, weekly/daily inspections and recordkeeping requirements. The class will also cover the requirements for treating or recycling of hazardous waste as well as shipping hazardous waste. Regulations require all hazardous waste generators provide employees who handle hazardous waste to be trained on proper storage and recordkeeping requirements.

One individual per business is allowed to attend the class. The class is limited in size and is on a first come, first serve basis. The morning session includes a complimentary breakfast; the afternoon session includes a complimentary lunch. To RSVP, please contact Liz Lydic at elydic@elsegundo.org and request either the morning or afternoon session to attend. The last day to RSVP is Tuesday, September 3rd.

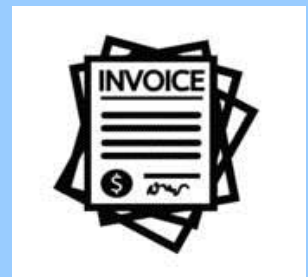

Should you have any program related questions, please contact Jairo Garcia, Principal Environmental Specialist, at 310-524-2248. Otherwise, we look forward to seeing you there!

CUPA BILLING

It's that time of year! Billing for annual CUPA permits have been sent out, with a due date of June 20. Please remember that the CUPA fiscal year is July 1-June 20. There are changes to your CUPA bill amounts due.

Annually, the City of El Segundo updates its fee schedule per approval of the City Council. A link to the comprehensive City-wide fee schedule can be found [HERE](#).

HOUSEHOLD HAZARDOUS WASTE REMINDER

Household Hazardous Waste Reminder

Household Hazardous Waste (HHW) is any product labeled: toxic, poison, corrosive, flammable, combustible or irritant. The health and safety of our community is endangered when these products are discarded in household garbage, sinks or storm drains. The amount of products from a single home may seem insignificant. However, when millions of homes across Los Angeles County use similar products, the combined effect becomes a major problem.

How to Dispose of HHW Properly

For Residents:

Pack the items for safe transportation and head over to the **City of Los Angeles, Permanent Collection Center**. The Center is open every Saturday and Sunday from 9:00 AM to 3:00 PM at Hyperion Treatment Plant, 7660 West Imperial Hwy., Gate B, Playa Del Rey. For more information visit the [City of Los Angeles, Public Works Department](http://www.cityoflosangeles.org/publicworks) or call (800) 988-6942.

Los Angeles County sponsors HHW Collections Events. A Collection Event is a one-day, drive-through event where residents are invited to drive in to a specific location to drop off their hazardous waste. The El Segundo event is held each November at Raytheon Corporation, Parking Lot "G" Hughes Way off Sepulveda Blvd from 9:00 AM to 3:00 PM. For more information visit the [Los Angeles County Public Works Department](http://www.losangelescounty.org/publicworks) or call (888) CleanLA.

For Small Businesses:

Some small businesses may qualify to dispose of HHW at a [City of Los Angeles, S.A.F.E. Center](http://www.cityoflosangeles.org/safe). Consult with the El Segundo CUPA to determine if you qualify prior to calling the City of LA Sanitation Dept at (213) 485-2260 to make an appointment for the 3rd Wednesday of every month.

To locate an e-waste recycler visit eRecycle.org

It is illegal to dispose of hazardous waste in the garbage, down storm drains, or onto the ground.
